The 6R SNACK BAR

1. In pairs, take turns to roll a die 5 times to get 5 scoops of different trail mix items (refer to the trail mix menu).
2. Fill out the recording sheet below and calculate the total cost of your 5 scoops.
3. Calculate the fraction, decimal and percent for each item included.

REMEMBER: 5 scoops = 1 whole bag of trail mix!

5. Collect your discount coupons from Miss Groves

Scoop	Cost	Item	Fraction	Decimal	Percentage (circle graph)
1		Raisins			
2		Peanuts			
3		M & M's			
4		Goldfish			
5		Pretzels			
Total Cost:
