

Architectural Technician – Intermediate to Senior

Company: Stiles and Hooker Ltd

Location: Hamilton, Waikato

Type: Full time, Permanent

You will be that keen Intermediate technician, with a real knack of putting quality buildings together, excited about joining our strong Hamilton practice.

Stiles and Hooker is both an Architect and Engineering practice, with a focus on Industrial and Commercial along with some Residential. We have an amazing work environment that supports both the creative process along with the diligent delivery of contract documents for our client's projects, both in the Waikato, throughout NZ and overseas for some of our large industrial/process projects.

This role involves:

- Preparing architectural documentation
- Using Revit
- Preparing building consent applications
- Associated administrative duties

YOU will be that proactive character with a hunger to grow with our practice (we offer great career growth opportunities to the right people)

You will really get involved and have a voice!....100% participation!

You will have high professional standards, taking pride in creating quality-working documents and will have a great base (including a sound knowledge of NZ Construction) to work from without the need for a great level of management. You will enjoy working in a positive team environment and have:

- NDAT or equivalent New Zealand qualification
- Excellent documentation & CAD skills
- Excellent communication skills. Fluent in both written and spoken English.
- You must have a good knowledge of NZ building codes and construction
- Should have NZ residency or a valid NZ work visa.
- Should have NZ Drivers licence.

Remuneration will be based on qualifications relevant work experience and will be reviewed on a regular basis.

We offer a Health Insurance to qualifying employees (looked at following initial 3 months employment), with the base package being at no cost.

We would love to hear from you...be prepared to share fully why you are the ideal candidate.
