

Inter-Professional Education Subcommittee

Terms of reference

- Maintain a high-level strategic plan to guide the faculty's IPE programmes
- Promote and establish a co-ordinated, collaborative and sustainable approach to IPE activities, including curricular and co-curricular activity
- Explore and support opportunities for including other professional groups, health workers and other subject disciplines in current IPE activities
- Support the development of further curricular and co-curricular IPE activities and provide advice to the developers of new activities
- Develop mechanisms for students to record and validate their development of inter-professional capabilities
- Ensure that evaluation plans are in place for all IPE activities and that action is taken in response to feedback that is received

Membership

- Faculty IPE co-ordinator (Chair)
- Associate Dean Academic
- One nominee¹ of the Board of Studies from each professional programme who has an interest in/designated responsibility for interprofessional education
- A member of the BoS of the BHSc
- A member of the postgraduate BoS in the Schools of Population Health and Nursing
- Other members co-opted for a specified period as required, e.g. staff from other providers where this is desirable.
- Engaging with Student representative (when required)

Meeting

It is intended that the committee would meet twice a year, but it may decide it needs to meet more regularly.

Faculty [Education Committee](#)

Quorum

Half of the Members

¹ It is desirable that this person be a member of the BoS so that they can reflect the Board's view to the sub-committee and also convey understandings developed at the sub-committee back to the Board.
