# HABITS IT Platform

Aim - to provide a Web Services platform for:

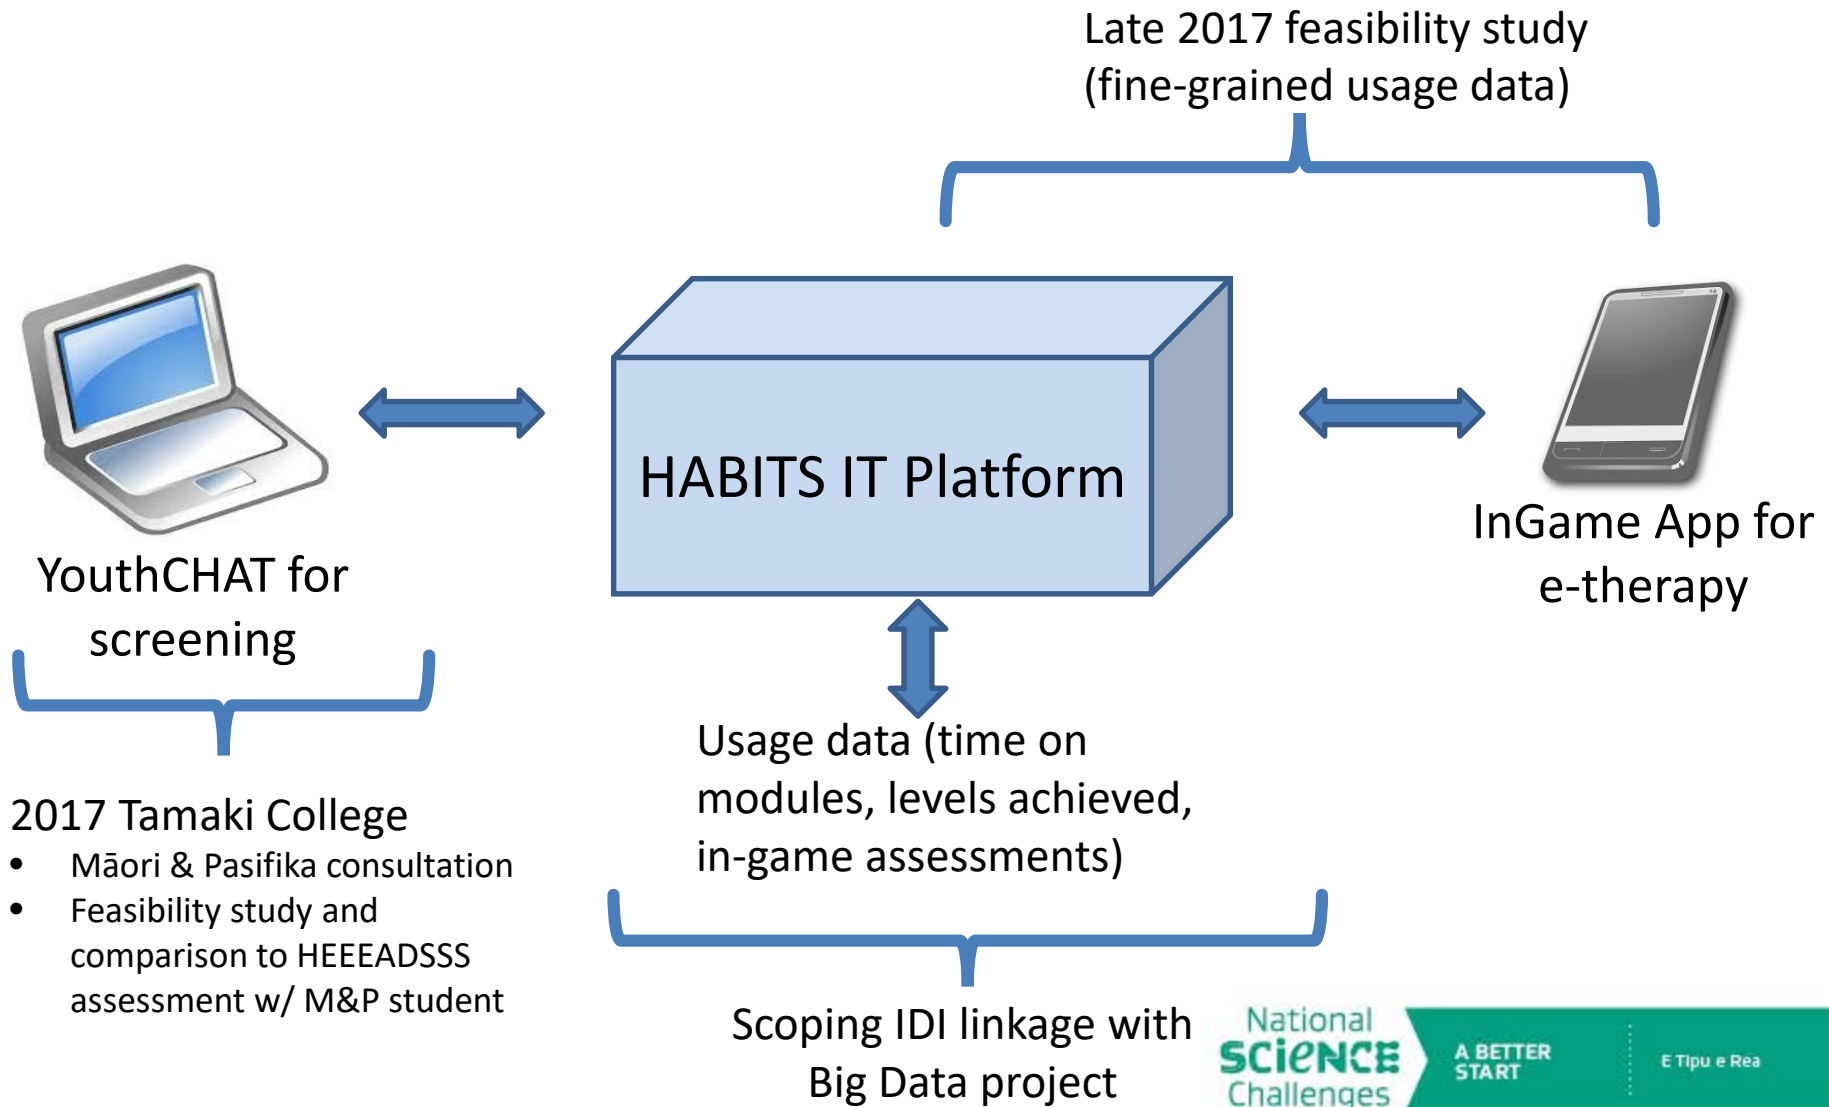

- ❖ Identity management (single sign-on)
- ❖ Assessment storage (PHQ-A, GAD-7 etc.)
- ❖ Usage statistics (time spent on e-therapies)
- ❖ Consent & randomisation tracking

Binds the screening & e-therapy apps together

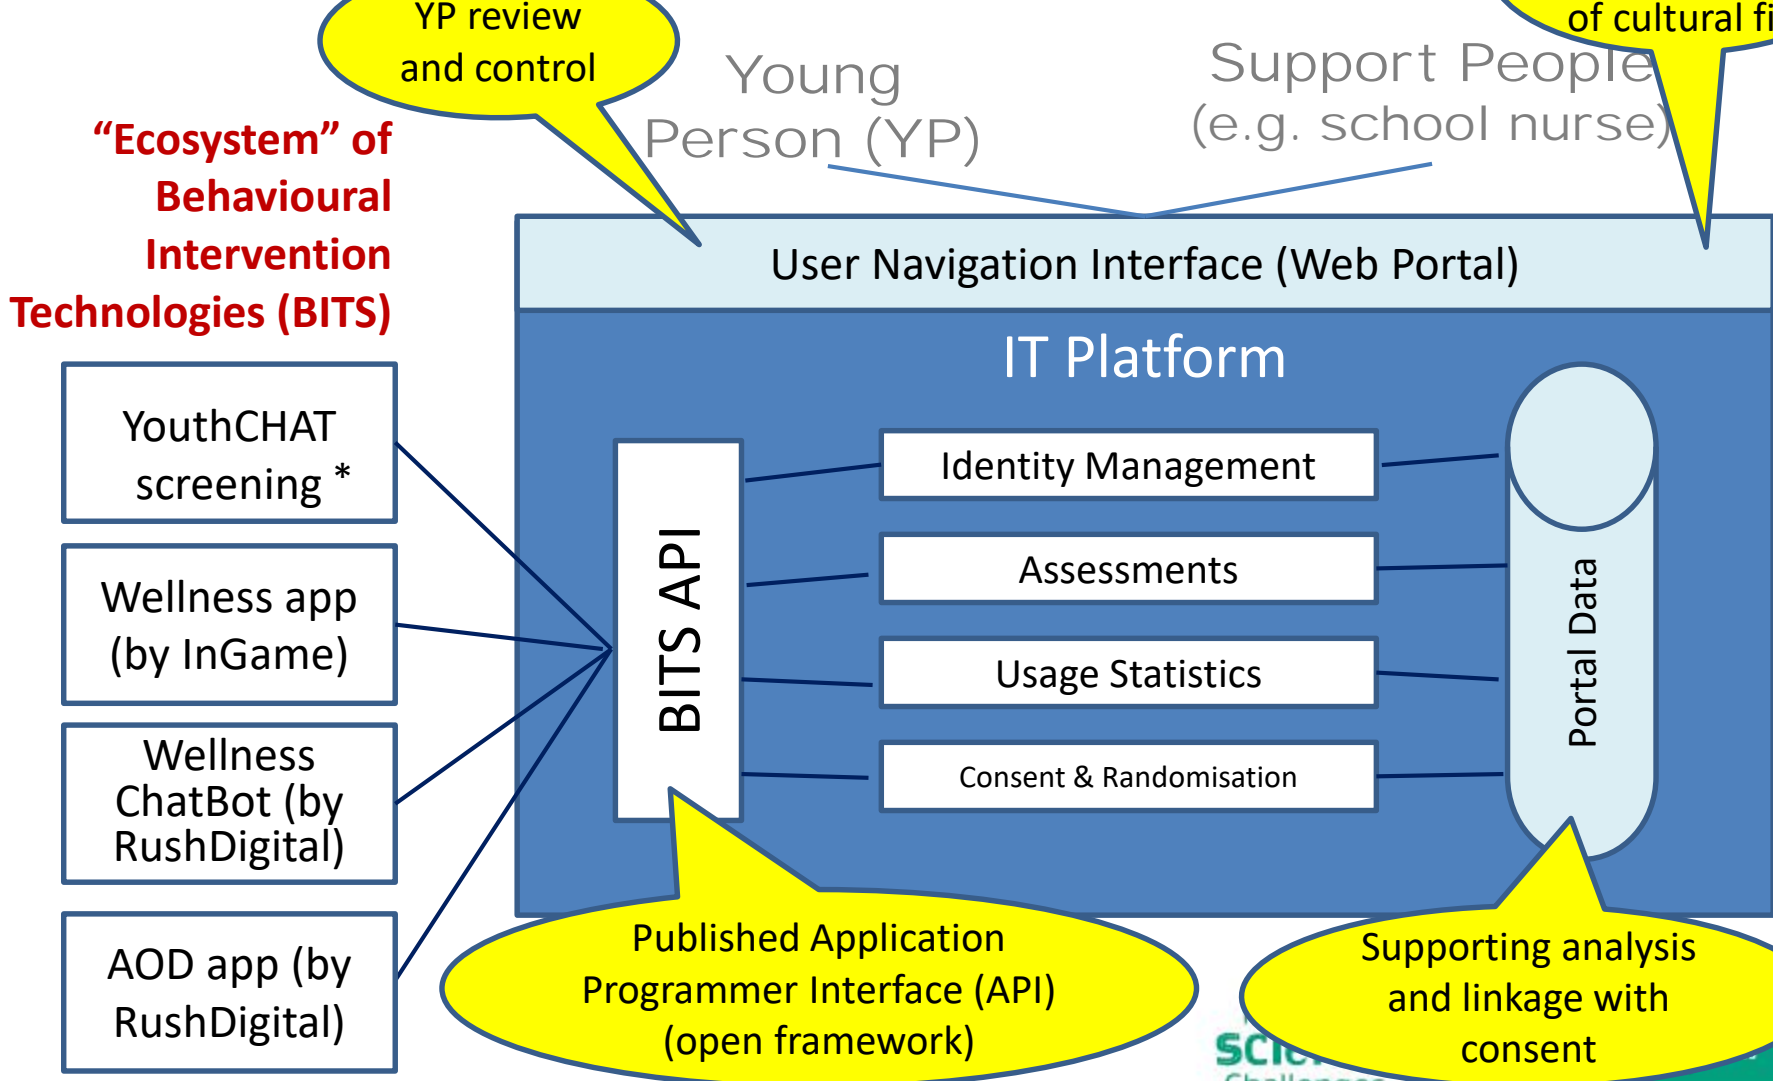

Supports the research aims

Implements vision aligned to Stakeholder Engagement team process (iterative)

# What we've built so far

# Where we going in 2018

\* PhD study in partnership between Manaia PHO, Northland DHB w/ oversight of Youth Health Governance Group
