How Maori can develop new opportunities food from science?

Wayne Mulligan
Fomana Capital & Anagenix Group

Host Institution

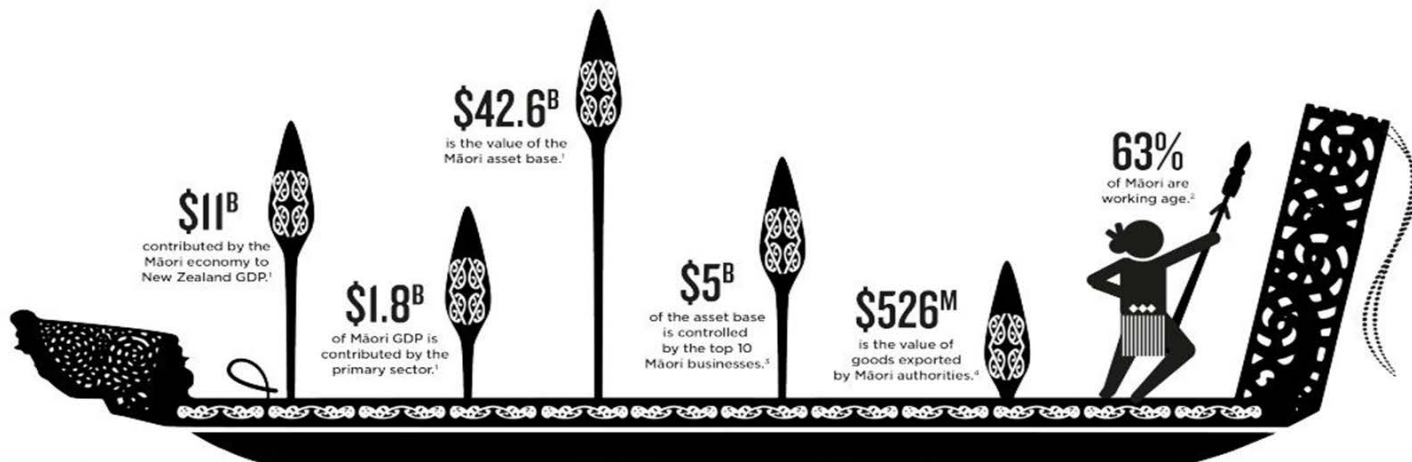

One question to the audience...

*When scientists, funders and institutions
are designing the research ...*

*what level of time and investment occurs
in co-designing the business model to get
the IP/product prototype in market?*

- So what is the Maori economy?
- What are the future opportunities?

THE MĀORI ECONOMY

SEAFOOD
is the top Māori economy export commodity.⁴

98
iwi across New Zealand.⁴
