

So...want to find out
about blogging?

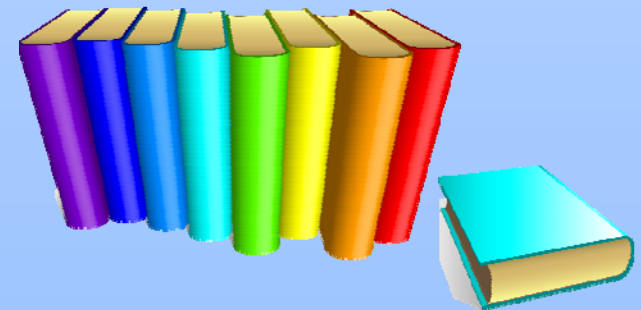

Blogs are great! You
can share your
work with others!

You can look at
photos and read
stories?

You can comment
on other people's
work and ideas.

When adding to a
blog always try to
spell things correctly.

Check over the
things you add
and edit before
posting.

When commenting
on what others
have added, make
sure comments are
relevant and polite.
