

The Cat and the Mouse

By Ava

One day on a path a cat was walking by. While she was walking she saw a delicious looking mouse. The cat started chasing the mouse. Then the mouse rushed a super big tree. The mouse hid in a hole in the tree to protect itself. The cat jumped and jumped to try to get her. Eventually the cat got tired and said, "Maybe that mouse is too bony and has no meat". He gave up leaving the mouse safe in the hole who said, "Yay, I am FREE!!"

Sometimes we are mean when we don't get what you want.
