

A Monster Description

I am a purple monster. My head is round and I have a wide, open smile. My teeth are yellow and the inside of my mouth is bright red. I have two green eyes that are very close together. On top of my head I have 6 bubble horns. My body is smaller than my head and I have tiny wings to fly to the moon and back. I have little dinosaur arms and I look like am having fun flying through out of space.

Can you draw what you think I look like?
