Your role is to be on the lookout for a few especially important words in the passages that you have read.

Look for:

- words that are puzzling or unfamiliar
- words that you think others may find difficult

You may also find familiar words that stand out somehow in the reading. For example:

- words that are repeated a lot
- words used in an unusual way

Once you have found these words, you could:

- try and guess the meaning from the context
- find a dictionary definition
- make a list of synonyms & antonyms
- write the words in new sentences
