

# 👁️ I Hate Aliens 👁️

As I awoke the feel of slimy green hands on my body sent shivers down my spine as I lay in my bed. The smell was vial I felt like throwing up but I couldn't. I had to escape as I hit, kicked and slapped this ugly creature. A bright light shone through my window, my parents were asleep and when I was just about to call to my parents, Rhys and Bec. The unidentified specimen covered my mouth and ZAP!

I woke up and I was back in my bed. Was it a dream?
