Dear Parents,

We have now begun the season of Advent and the time to slow down and reflect and prepare ourselves for the birth of Christ.

I am sure that the part about slowing down at this time of year is a major challenge, as we frantically try to squeeze all that we have not done in to the final weeks of 2013.

The Season of Advent however is an important time, and deserves our focus and attention. While we are surrounded by the excitement of Christmas and the commercial aspect of Christmas it remains important for Christian communities to prepare for and celebrate the Birth of Jesus.

Each week the children will be coming together for a short Advent prayer service at the beginning of the week. This began last Monday and will continue for the next two weeks. This coming Monday this will be at 8:45 am in the Glasshouse. On the 3rd week the Advent Assembly will be held at 11:00 am on Monday 16 December.

Parents who are at the school at the time of the Advent prayer are most welcome to join us in the Glasshouse.

2014 Staff List

The staffing of the school is almost completed and while next week is not a newsletter week, I will send out a complete staff list next Thursday. It will however be released first through the St Andrew’s App. If you have not yet downloaded the app on to your iphone, android phone or iPad you are missing out on the latest school news. Once again we have attached the details of how to access the app to this newsletter. We now have 485 followers who are getting information that you may be missing.

One innovation we will be introducing next year will be to employ a teaching assistant at each of the seven year levels. These staff members will be able to further support the teaching and learning programs by taking individual and small groups of students as needed. This will add valuable support to all the students as we attempt to further develop the personalisation of learning.

Over the past month the teachers have been carrying out valuable assessments particularly in Reading and Mathematics. This information will assist us to set individual learning targets for each student in 2014 and then support them in achieving their target.

We will involve parents in this process throughout next year.

1-to-1 iPad Program

Early this week I placed the order for the iPads that the students will be using throughout Year 3 – 6 in 2014. A percentage of families decided that they would supply the iPad from home. The majority of families have decided to go with the fully managed school program. I did not receive a response from a small number of families.

At our 2014 Planning Day the staff will be reporting back on apps that they have been trialling with a view to making recommendations on their use from the commencement of 2014.

I will provide further details of the project via newsletters, the school website and the school app.

School Accounts

Throughout this term I have communicated the concern over the large amount of outstanding school fees and the lack of response from families despite every effort being made by the school to instigate communication. As I write this newsletter we still have over $96,000 of unpaid fees.

The administration staff is spending an inordinate amount of time in an attempt to contact families regarding this matter. I need to reiterate the following:

*In instances where families ignore reasonable approaches by the school, the matter of outstanding fees will be put in the hands of an external agency to be managed on behalf of the school.*

Recent Events…

… Two very successful excursions this week! The Year 3 classes went on Monday to the city in very hot weather and the Year 5 and 6 classes two days later travelled to Luna Park in St Kilda in very wet conditions. Melbourne’s weather, you have to love it.

… If you are at the school over the next week, walk the corridors and check out the outstanding art work. It is a credit to the creativity of the students and the talent of their art teacher, Miss Tomomi. In this newsletter she has an article about works that have been selected for the 2014 Catholic Education Week Art Show.

Coming Events…

… The Year 6 Graduation will commence on Thursday at 6:30 pm with Mass in the Church.

… The Year 6 classes will be on an excursion to Jells Park and Clayton Bowl on Friday.

Phillip Tierney
PRINCIPAL
Skoolbag is a mobile app that communicates directly to parent smartphones. It provides access to key school information via one single Communication Centre for both parents and students. Ideal for:

- School, free push notification alerts
- School events
- School newsletters
- School documents
- School RSS feeds
- School social media (Facebook, Twitter)

**How To Install Skoolbag On Your Smartphone**

**iPhone Users**

Simply search for your school name in the App Store on your phone, PC or Mac, and install.

![iPhone](image)

![iTunes](image)

**Android Users**

Simply search for your school name in the Google Play Store on your phone, PC or Mac, and install.

![Android](image)

Don’t forget to like us on Facebook! Find out more at www.skoolbag.com.au
We have entered the visual arts competition which will be held during Catholic Education Week in 2014 and the following artworks have been accepted for the VAE 2014. Congratulations to:

- Danica Oung 5/6TK
- Jacinta Dinh 2C
- Jane Gleeson 4M
- Richard Vongkham 6T

**In God’s Hands by Danica Oung 5/6TK**
We painted a nature scene using acrylic paints with tiny dots which is called pointillism technique. This technique gives us freedom to create a contrast with multiple layers of coloured dots. When viewed from a distance, the colours blend to form a sharply realistic image. God’s hands were drawn with a charcoal soft pastel in black and white. The background demonstrates the lights glowing from the God’s hands to emphasize the power of God.

**Scratched Animals by Jacinta Dinh 2C**
Year.2 students created animals onto a torn piece of rough cardboard to get a similar effect of an Aboriginal artist, Jonny Bulunbulun’s textured bark painting. He used natural earth colours and brushes made from twigs and grass. Students were asked to draw caveman’s drawing–like-animals with different patterns inside the lines using scratched art techniques. They recreated original work inspired by the artist very well.

**Underwater Magical Creatures by Jane Gleeson 4M**
Paul Klee created magical fish pictures using water colour and oil paints. We created a similar effect with watercolour paints and oil pastels.

**Four Seasons by Richard Vongkham 6T**
Students observed the lines, shapes and colours in natural objects from different positions and noted the changes to draw trees with a black oil pastel. We discussed why one viewpoint may be more interesting than another. Then students investigated depth and perspective, and also explored tone through the blending of light and dark hues to create gradations of colour in order to express Four Seasons with acrylic paints.

Miss Tomomi
Art & Music Teacher
WELLBEING WRAP 2013

It is difficult to believe that yet another year has slipped by and that we are all one year older and hopefully wiser. Our students are preparing to transition into another year level, the Year sixes are moving on to Secondary School and we are in the process of welcoming the new Preps! Before this is finalised, it is important to reflect on many things that have occurred in our school this year to make it a positive learning experience for all our students.

This year as a staff, we have had a focus on identifying and supporting students who experience anxiety or coping issues. To support students, staff and parents, we have hosted staff and parent information sessions led by our consulting psychologists Dr Natalie Flatt and Laura Forlani. As a result of this, a number of parents have taken the opportunity to seek support for their children through counselling sessions that are focused on building resilience, social skills and strategies to reduce or manage anxiety.

Another area of focus has been the area of student safety online and Digital Citizenship. We were very fortunate to have accessed the services of The Australian Communication and Media Authority (ACMA) in the person of Mira Dadone, who ran informative, current and relevant sessions around the issue of online safety for students, parents and staff.

Better Buddies and the buddy program across the school is working well to foster friendships and support for students across age levels. We are currently training the Year Four students to be responsible, effective Buddies to their prep buddy in 2014.

Student Voice has been valued and sought this year through our student Leadership Program and the SRC. This team of students has made positive contributions through fundraising ideas and actions, providing feedback on issues relevant to the students, planning buddy days and teaching their peers about environmental and social justice issues through a “Kids Teaching Kids” program.

The Student Leaders for 2014 have been appointed and have attended two Leadership training days and are already developing their vision and actions for next year!

We look forward to continue to work with you in 2014 to provide the best possible outcomes for all our children.

Teresa Maio
Year 6 teacher and Wellbeing Leader

A Real Scientist Visits 3P!

Last Friday, 3P were very excited to welcome a “real-life” scientist into the classroom – Mrs Lida Joubran, Jordyn’s mum. Mrs Joubran was invited to assist the students to see science as an integral part of life and to deepen their understandings of the properties of matter – our Science unit of inquiry this term.

Mrs Joubran speaking to the class

Mrs Joubran has enjoyed a 16 year career in the field of science and is passionate about it. She spoke to the class about her career pathway from school and explained her current role in industry. In the new Australian Curriculum, one of the aspects of Science to be explored is Science as Human Endeavour. Mrs Joubran’s story fitted this aspect very well.

Mrs Joubran – and her able assistant, daughter Scarlet – had worked hard at home to prepare several experiments and these worked very well on the day. In the first experiment, Mrs Joubran demonstrated the different properties of water and oil - these substances do not mix. In order to get our dishes and clothes clean, we need water and oil to come together. She explained that scientists have developed substances called surfactants to change the properties of water so that it mixes with oil and cleans our dishes and clothes.
A Real Scientist Visits 3P! (Continued)

Having a closer look

The second experiment explored the density of different liquids. First, some apple juice was poured into a glass. Next, some blackcurrant juice was slowly added, then some Powerade. The liquids did not mix and three layers were visible: the apple juice formed the bottom layer as it has the most sugar, next the blackcurrant and the Powerade sat on the top as it has the least sugar.

The students were totally engaged during this session and many asked deep and inquiring questions about the world around them and how and why it works. We had a shared vision to get students motivated and enthusiastic about science and to make it real in their lives. My grateful thanks to Mrs Joubran for helping make this vision a reality.

Danielle Priest Year 3 teacher

Year 3 Excursion

Children with great animation, teachers with full activation and parents in nervous anticipation…so began our Year 3 Excursion into the city on a day forecast to be 36 degrees! Hats on and water bottles filled, we boarded our buses for town.

Our first stop was the Myer Christmas windows. The students had some familiarity with the theme, as we had listened to the story of “Gingerbread Friends” in class. Aside from the windows, the air conditioning at Myer was a relief for all! Next we made our way to the Royal Arcade, ever watchful for trams criss-crossing the Mall. The old worldly charm of the Arcade and its varied selection of shops and delightful decorations fascinated our students, particularly the old-style toy store. The wooden doll’s house was the envy of many! Weaving our way through the Arcade, we did at times intimidate diners confronted by the wave of 75 students heading towards them. The piece de resistance of the Royal Arcade though, was the magnificent clock flanked by the giants of Greek mythology, Gog and Magog.

Moving forward and onward, we headed into The Block Arcade. As one of the students commented, “It looks like Diagon Alley” from Harry Potter. A very narrow walking area, so single-file walking was definitely the order of the day. The highlight of the Block Arcade was definitely the visit to the chocolatier Hagues. Mouths were drooling as the students received a surprise in the form of a chocolate frog! Our final destination point in the city was the city square that had been transformed into a Christmas wonderland. The students had an opportunity to have their much needed snacks and drinks of water. Santa and his Elves were kind enough to share their Christmas spirit by allowing all the students to have a group photo with Santa. Tin soldiers, Rudolph the reindeer, a giant nativity scene and the Christmas maze were all part of the fun.

Soon it was time to pack bags, say farewell to Santa and head off for our buses to continue onward to the Royal Botanic Gardens.
A short bus ride later, we disembarked at the gardens, ready to find a much needed cool and shady area for some respite from the heat that was building throughout the day.

The students, staff and parent helpers had an opportunity to relax amidst some of the most beautiful and exotic surroundings in Melbourne. We then headed into the Children’s Garden for all groups to participate in the Christmas programme organized at the Education Centre. 3P and 3D were the first groups to participate in a craft activity, creating Christmas decorations using natural materials such as cones and gum nuts. 3C, on the other hand, began a sojourn around the gardens learning about the myriad species flora and fauna. We were relieved to enter the rainforest as the trees provided all of us with shelter from the sun and a cool change in temperature. After all activities were completed, we thanked our guides and proceeded to our buses for the journey back to school. A wonderful, though very tiring, day experienced by all participants.

Don’t be surprised if your sons and daughters request a weekend outing to the City or the gardens, both sites are well worth a family visit! I’m sure your children will gladly lead the way back to Hagues!

Our thanks are extended to all our parent helpers who did a wonderful job of supervising the students, and our bus drivers for their patience and punctuality.

Year 3 Teachers 😊

**Education Maintenance Allowance in 2014**

The Education Maintenance Allowance (EMA) helps to cover the costs related to your child’s schooling. The EMA provides families on a low income with financial assistance to support their child’s education up to the age of 16.

**In 2014, the EMA payments to eligible parents will be:**

- $200 for parents of eligible Prep students
- $150 for parents of all other eligible primary school students
- $300 for parents of eligible Year 7 students
- $250 for parents of all other eligible secondary school students up to the age of 16

The EMA is paid in two instalments annually (70% in March and 30% in August).

**Eligibility criteria**

To be eligible for the EMA:

1. Your child must be under the age of sixteen; and
2. Your child must be enrolled at a primary or secondary Government or registered school in Victoria on, 28 February 2014 for the first instalment and 1 August 2014 for the second instalment; and
3. You must on 28 January 2014 for the first instalment and 14 July 2014, for the second instalment:
   - be a parent or legal guardian of the student; and
   - be an eligible beneficiary within the meaning of the State Concessions Act 2004, that is, be a holder of Veterans Affairs Gold Card or be an eligible Health Care Card (HCC) or Pensioner Concession Card (PCC) holder or be a temporary foster parent.
4. Submit your application to the school by the due date: 28 February 2014 for the first instalment*

YEAR 6T  To all of 6T. You have been a great class all year and it has been a pleasure to teach you all.

YEAR 5LC  Sebastian for your cheerfulness and input in class. Well Done.

YEAR 5H  To Adam, Patricia, Isabella, Sylvia, Olivia, Anthony, Antigit, Daniel G, Daniel W, Melanie, Abel, Kunase, Pellegrina, Matthew, Jeanna and Mya-Maria – congratulations for a great term of work!

YEAR 4M  Jessica, Harrison, Karissa, Vincent and Thevesh – Excellent work on your Inquiry project.

YEAR 3P  Jordyn for your energetic participation in school activities. Elyssa for always doing your best and being a good friend. Ethan for kindly assisting others in ICT. Well done Ethan.

YEAR 1S  Beautiful reading skills – Congratulations Ayden, Aaric, Malaya and Serena for showing how hard you can work. You are excellent Reading Champions.

PREP V  Well done to Charlotte for all your great help in assisting others, Congratulations to Nicholas, Polliana, Issac and Yamato on all your great work in your reading :)

PREP C  Congratulations to Justin and Jonathan on your great work. Keep up the great work!

---

**Australia Day Public Holiday 2014... Yes we are open!**

We know that the back-to-school rush can be a busy time of year, so our store will be open for regular trade on the Australia Day Public Holiday (Monday 27 January) to provide you with convenient shopping hours!*

*Please note: We will be closed Sunday 26 January. Lay-by will be unavailable in January and February.
