

# Sam the Happy Snake

Written and  
Illustrated  
By Brandon P

This is Sam the Snake.  
He is happy.

Sam likes  
exploring!

One day Sam  
found a house.

In that house was  
another snake  
called "James".

James is a very  
shy snake.

But James is  
nice.

So James  
started  
exploring  
with Sam.

They  
explored for  
a long time.

They explored for  
so long that they  
found grass.

They  
explored for  
so long that  
they found  
buildings.

They went into  
people's houses  
just to find  
food.

They liked human  
food!

One day they  
got caught!

Sam and  
James got  
chased.

They ran far  
away.

But they lost  
each other.

They were always really close to each other but they didn't know.

*I wonder where James is ?.*

**Sam!**

**But they finally found  
each other.**

So they started  
exploring again.

They explored  
together for  
years!

And then they met  
another snake.

**What are  
you doing  
in my  
forest!**

**He was a  
mean snake.**

He didn't like Sam  
and James

They found an  
abandoned  
house.

They decided to live  
inside that half built  
house.

Ten  
Years  
Later

The End!
