Thought for the Week

Education is the most powerful weapon which you can change the world.

Nelson Mandela

Students are supervised between the hours of 8.50 am and 3.45 pm

What a wonderful fortnight we have had at Nyora Primary School. Junior School Council had a very successful Mad Day. This Thursday we have nine students who will be representing Nyora Primary School at Cross Country at Stony Creek. We wish them the best.

Monday 9th June is the Queen’s Birthday Holiday and
Tuesday 10th June is a Student Day where teachers will be writing reports. Students will not be required at school on these days. Parents will need to make alternative arrangements.

AASC
If you child is unable to attend an Active After School session could you please notify the school or speak personally with Shona Lynch on the night. All students who are signed on for the program must be accounted for on each of the nights.

Mad Day
Our Junior School Council ran a very successful Mad Day with some very creative outfits being worn. The J.S.C raised $54 which will go towards purchasing new sandpit toys which will benefit our students and School community. Take a look at our photo gallery of the day’s events.

eSmart Committee

As part of the eSmart program we are setting up an eSmart Committee. The eSmart committee guides the school in the process of delivering smart, safe and responsible technology and wellbeing outcomes for all members of our community. The committee will look at bullying and cyberbullying within the eSmart school framework. If you are interested in joining this committee or you would like more information about the role you would take within this committee, could you please contact me.

Parent Survey
The School Council would like to hear from every parent concerning your child’s education. I have included a short survey for you to complete. I would appreciate if you can return the completed survey to school by Friday 6th June, 2014, so that it can be compiled and discussed at School Council.

Acting Principal
Chaplains Chatter

We've all been there—ready to go to work, or the supermarket .... or anything...... by our- selves, when a little voice pipes up, saying, “Mummy, I don't feel good.” Or the phone rings with the teacher on the phone, saying your son’s nose is running “like a tap ” and we need to pick him up—now.

Sometimes the kid really is sick. And sometimes your child might be, well, faking it.

Over the next five weeks I’m going to give you little tips on how to tell the difference.

Is your child sick or faking part 2
A rule to live by—real sickness is often gross.
“If there is something flying out of an orifice, they are probably sick,” says Dr. Cara Natterson, a Los Angeles paediatrician and author of The Care and Keeping of You: The Body Book for Girls. “And it’s got to come with some force.

That and fever. You really can't fake those things.”

Graham Jewell
Chaplain Nyora Primary school.

Car Park Safety
School car parks are busy places, especially at pick up and drop off times. Student safety is our paramount concern and students have once again been brushing up on the safest way to get out of and into the car at the beginning and end of the day. They have also spent time revising the safest way to leave and enter the school yard (via the small gate), how to use the crossing and how to cross the street safely at the pub corner. Parents can help to keep our drop off zone safer by parking large vehicles such as four wheel drives at the far end of the car park or using the ring road in the Nyora Recreation Reserve. Encourage your child to use the “Safety Door” - closest to the curb and stop, scan and check for hazards before crossing. Taking an adult’s hand is also a good habit to encourage.

MAD DAY REPORT

On Mad Day we had heaps of MAD people. We were successful in raising money which was $54 which will buy sandpit toys.
People dressed up as ghosts, crazy professors, Spiderman, Batman and some people wore their clothes inside out. It turned out to be an Awesome, Crazy day.
