Term 1 : Week 6 (even book)

Due: Friday 10th March (Homeroom corrections will take place on this day)

Task 1 Reading

Look up this site on your iPad - <http://www.australia.gov.au/about-australia/australian-story/overland-telegraph>

What was the overland Telegraph? How did it change life for the colonists?

Write a paragraph in your homework book to reflect on this invention.

Record the time you spend reading for pleasure, every night.

This may include a novel, a newspaper, internet research or even a comic book!

Task 2 Spelling

The spelling focus for this week is silent letters. It's a good idea to draw a picture to represent the word to help you to remember that it has a silent letter.

| | |
|---------|--------|
| knead | wrong |
| knew | answer |
| knit | climb |
| knight | thumb |
| knot | numb |
| knuckle | limb |
| wrap | subtle |
| wrestle | |

This week, you may continue creating your dictionary document by adding definitions in your own words, or handwrite interesting sentences that contain your spelling words in your homework book.

Tip

To format an entire row (change font, fill etc.), tap on the number of the row to the left and this will highlight the entire row.

Task 3 Maths

MATH ROCKS

Complete the attached Maths worksheet, then paste it into your homework book.

(Remember to also practice your times tables every day. You could time yourself to improve your speed and accuracy.)

Highlight any questions that you are unsure of, making certain you speak to your teacher to go through it, prior to handing in your homework.

Extension Activity

Our flight was approximately 2 000km long. What might the actual distance be?

Hint - think in terms of rounding.

List as many possible distances as you can.

Written methods – subtraction

- 3 Use a calculator to add each group of numbers. Turn your calculator upside down to see a word on the screen. Use the key below to help you identify the letters. Write each word in the correct place in the crossword puzzle.

Written methods – adding and subtracting decimals

When we add and subtract decimals we follow the same rules we use when working with whole numbers. We need to make sure we line up the place values and the decimal points:

| | T | U | T |
|---|---|---|---|
| 3 | | 1 | 3 |
| - | 1 | 7 | 2 |
| | 2 | 6 | 1 |

1 Estimate and solve these addition problems. Remember to put the decimal point into your answers:
