Your job: You need to create a 1 minute multimedia presentation (eg. Keynote) that showcases your Literature Circles book. In your presentation you must include:

- several photos of work you are proud of
- the front cover of the book
- images from the book (if you can find them)

As your multimedia presentation is running, you need to be giving an oral presentation on:

- what the book is about
- what you thought about the book

Remember not to simply read off the multimedia presentation. Have your speech on cue cards, not on the screen.
