

# Maths Investigation 'Redesign My Bedroom'

---

## Flooring

You need to calculate the floor area of your bedroom in **m<sup>2</sup>**. Show your workings in the table below.

### Types of flooring

You need to be specific to what flooring you are using for your bedroom (carpet, polished floorboards etc).

<b>Type of flooring</b>	
<b>Area of floor (m<sup>2</sup>)</b>	
<b>Cost per m<sup>2</sup> of purchased flooring</b>	
<b>Total cost of flooring</b>	

**Describe why you chose your type of flooring**
