

@apollo – learning leader apps

GREAT EXPECTATIONS
GREAT ATTITUDE
GREAT OPPORTUNITIES

Downloading the codes:

On your iPad go into the app store. Go to the featured section and scroll down to the very bottom. There should be a section called 'Redeem'. Click on this. You will need to enter your iTunes password. Then it will ask you to type in the code. You will need to use capital letters and make sure it is typed EXACTLY the same as what is on your sheet. If it is different or a letter is missing, it won't download. Once you have done this the app will begin downloading on your iPad.

You will need to ensure you have enough space on your iPad for these apps. If not, you may have to delete photos/apps/videos that are your own personal ones, no school material should be deleted.

Please download the following free apps in addition to the codes provided. You will need to search for these on the app store.

Letter Sounds

Build A Word Express
