

# Australian Education Leadership Breakfast Sessions

Presented by Dr. Gary Stager (Ph.D.) for Australia's premier school leaders.

Hailed as, "one of today's leaders changing the landscape of edtech through innovation and leadership".

Changing the landscape through innovation and leadership.

US expert Dr. Gary Stager (Ph.D.) has spent the past 35 years helping schools around the world embrace technology as an intellectual laboratory and vehicle for self expression.

Using the latest research, he will discuss how Australia's school leaders can prepare students for an uncertain future by supercharging learner-centred traditions with modern materials and technology.
