Print vs Digital

We socialize, work, and play games electronically, but when it's time to read for enjoyment, do we prefer the ruffle of our well-thumbed, paper books or a digital experience in the palm of our hand?

Print books VS eBooks? There is no war raging, they are not in an epic battle to the death. The rise of eBooks will not extinguish the printed book. They both can serve you and your lifestyle. That's right... have your cake and eat it too. You can have both!
