Canton Tower

A majestic view of the skyline appeared with startling beauty. This is the beginning of the story.

*Second tallest tower in the world (2020)

Hi, here is Canton (Guangzhou). From morning to night, day after day, it did not affect the city's continuous flow. At night the new town was beautiful in its own way, with so many lights. As one of the critical cities open to the outside world, people come here to chase their dreams.

Canton is far more than that, and here I present three different stories for you. Also, this is the Canton in my eyes.

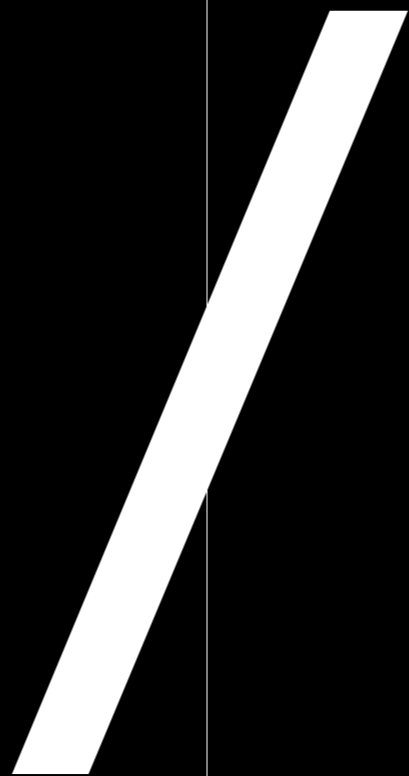

A nighttime city street scene with blurred cars and streetlights, creating a sense of motion and urban atmosphere.

NEW TOWN

-Chapter 1-
Rush Hour

CROWDED

CROWDED

It's

Christmas.

Way back home.

At midnight, people keep browsing in the new town.

OLD TOWN

-Chapter 2-
Slow-Paced

The old town is more about the characteristics of Lingnan traditional culture, The pace of life in the old city is much slower than in the new city. There are mostly activities for the elderly and elementary and middle school students.

GOURD STORE

In the traditional Chinese sense, gourd ornaments can bring harmony, happiness, wealth, and good luck.

GOLDFISH SHOP

People love to admire goldfish, which can cultivate sentiment and benefit the body and mind.

DONG SHAN KOU

Utensil Washing

Washing dishes is a habit that Cantonese people develop when they are out of restaurants. The original intention is use hot water or tea to wash dishes and chopsticks cleanly for easy eating.

Roast goose restaurant. In fact, they sell not only roast goose but also chicken and pork with different cooking methods.

AFTER WORK

-Subchapter-

Coconut with Black Chicken Soup

Cantonese have a feeling for Lao Huo Tang. It means that the soup is very particular about the requirements of the heat, the high fire is boiled, and the low fire is simmered slowly. It usually takes an afternoon to prepare a bowl of soup.

Double-Layer Milk Custard

Is a Cantonese dessert made of milk, egg whites, and sugar.
