Find A Provider

There is a large network of providers in place delivering the Youth Connections and Partnership Brokers programmes across Australia.

You can find your nearest Youth Connections or Partnership Brokers provider using the 'Find A Provider' search feature.

Your local Partnership Broker can help build partnerships in your community to support young people to reach their full educational and social potential. Partnership Brokers can assist partners to develop a partnership arrangement and agree on how they can work together to achieve a common goal.

Your local Youth Connections provider can advise you about the support available for young people who are most at risk of leaving school, or who have already left. They can help young people to overcome the barriers and problems that make it difficult to stay in, or return to, school or training.
