Technology Week
3rd April - 8th April

Are you a young adult wanting to get your hands on the new technology and equipment in our Digital Media Lab?...

Well now you can....!

Come join us and learn about 3D printing, coding, virtual and augmented reality, green screen technology and Magix Movie Edit Pro!...

Where: River Heights Public Library
When: Various times between 3rd - 8th April
See poster events for times and dates

Coding 101: Games Design
Date: Mon 3rd April
Time: 3:30pm - 5:00pm
Age Group: 14-18 years

Learn how to create a captivating 3D game environment using Indie Game Maker: Design, create and build characters, game design and story development using software and custom coding.

Virtual Reality
Date: Tues 4th April
Time: 4:00pm - 5:00pm
Age Group: 14-18 years

Bring your own smartphone and join us in experiencing virtual reality using Google Expeditions in this hands-on environment.

Green Screen Part 1
Date: Wed 5th April
Time: 3:30pm - 5:00pm
Age Group: 14-18 years

Use our green screen studio to create incredible images or videos on your smartphone, iPad or Tablet. If you don't have one why not use ours!

Green Screen Part 2
Date: Thurs 6th April
Time: 4:00pm - 5:30pm
Age Group: 14-18 years

Now that we've taken our green screen images or videos, it's now time to edit them using Magix Movie Edit Pro.

Augmented Reality
Date: Fri 7th April
Time: 3:30pm - 4:30pm
Age Group: 14-18 years

Learn how to bring the physical and virtual world together using images, augmented reality software ARTool Kit and your smartphone, iPad or Tablet. If you don't have one why not use ours!

3D Printing Demonstration Sessions
Date: Sat 8th April
Time: 9:00am - 11:00am (13-15 years)
1:00pm - 3:00pm (16-18 years)
Age Group: 13-18 years

Want to try our new 3D printer? Join us in these demonstration sessions to learn how to create and print 3D items to get you started in your own 3D printing adventures!

*This event is split into two sessions please book according to your age group.
