

# Initial Residential Information

Name, contact details and travel arrangements

Dear Parent/Guardian,

The upcoming Aurora College Residential will take place in Term 4 2016, between 31 October and 4 November, and is a compulsory event for all 7-10 students. All Year 11 Physics and Chemistry students are required to attend to complete compulsory practical components of coursework. Students will be based at Ibis Styles Canberra Eaglehawk for the week.

The purpose of this letter is to provide some initial information regarding the Residential to allow parents to make arrangements for flights, if necessary. If students will be flying, we ask that this be organized by 15 August to enable us to finalise all travel arrangements. A permission note will follow shortly with further details including the itinerary, payment, etc.

Chartered buses are dependent on student numbers and supervision available. The routes are in the table below showing pick-up/drop-off points and the targeted schools which can access the bus at the designated locations.

Please read the statements below, sign in acknowledgement and return to Aurora College by Monday 15 August, 2016 by email [auroracoll-h.school@det.nsw.edu.au](mailto:auroracoll-h.school@det.nsw.edu.au). Please indicate your travel plans in the table on the following page.
