

Summer Reading Program

2016/2017

This is not an exhaustive list; this is just a starting point of titles that are suitable for young adults. Some of you will have read many of these books, that's fine: select new books to read; from the Aurora College Library, your home school library, your public library, or from other people's bookshelves – ask first! I can't wait to read your reviews and see what you recommend for other students to read.... **Happy Holiday Reading!**
