

# Cyberbullying and blackmail

National Child Protection Week

Join us in our virtual classroom!

Greg Gebhart from the Office of the eSafety Commissioner will present a 40-minute guided experience for students and teachers for National Child Protection Week aligned to the theme, *Cyberbullying and blackmail- how to speak up and stay safe*

**Audience:** Years 5 and 6 students

**Dates:** Monday 10 September at **10:00 am** or  
Tuesday 11 September at **2:00 pm** (repeated)

**Location:** Online via Adobe Connect. The URL to access this event will be emailed to participating schools 2 days prior to the event.

**Registration:** is via the [Aurora College school website](http://www.aurora.nsw.edu.au). Go to the 'Latest News' tab on the Aurora website [http://www.aurora.nsw.edu.au/](http://www.aurora.nsw.edu.au)

Teachers register using their DoE email address only.

Registration closes on Wednesday 5 September 2018.

## Lesson content

This session supports National Child Protection Week by helping students understand the part they can play in creating a safer online community for everyone.

The students will follow the story of a group of students as they navigate trust in online friendships and learn to respect the values and rights of others online.

Students will:

- examine values accepted and enacted within various communities
- monitor consistency between rights and responsibilities when interacting face-to-face or through social media

## Supervision of students

Duty of care for students throughout the session remains with the registered schools and their respective teachers. Please ensure adequate supervision is provided during the lesson. We look forward to your participation.

## Further information

If you have any questions or require further information, please contact:

Sharleen Mulawin  
Rel. Head Teacher, Teaching and Learning  
Email: [sharleen.mulawin@det.nsw.edu.au](mailto:sharleen.mulawin@det.nsw.edu.au)  
Ph: 1300 287 629

## Setting up for the virtual class

The sessions will be held via Adobe Connect, which is a web-based application. Please ensure there is only one connection per ticket, with maximum connections of 2 per school.

The presentation can be displayed on a data projector through any computer with an Ethernet cable and speakers. You will require:

- Computer connected to the internet via an **Ethernet cable**
- Speakers, for sound
- Data projector, SMART Board, or similar, to display the presentation from the computer.

The information below will help with setting up if you are not familiar with **Adobe Connect**.

- You will need to perform all necessary setup in advance of your online session so that you have time to resolve any connection or access issues. The Adobe Connect room will be open 30 minutes prior to the scheduled start to allow time for set up.
- Test your computer prior to accessing your online room by going to the [Meeting Connection Diagnostic](#). Ensure you install any add-ins, if prompted to do so by the connection test.
- The following guide may also be useful [Quick Start Guide for Participants](#).

## Further opportunities
