

Harry Potter and the Chamber of Secrets by J.K Rowling

The 'Chamber of Secrets' by J.K Rowling is an amazing book that captures your attention from the very first page. It continues Harry's journey through the wizarding world, with an exciting addition to the main characters. J.K Rowling's writing appeals to so many readers because she uses the right mix of complicated and simple language, gives clear descriptions which produce amazing imagery in the minds of her readers. Her storyline follows Harry's progression through the second year, with a new challenge to overcome, one that puts close friends in danger. Harry returns to Hogwarts to find the Chamber has been opened and a lot has gone on while everyone has been away. This book falls in the genre of fantasy and adventure.

I would highly recommend this book to anyone that enjoys a good fantasy read. I would suggest this book for readers aged 10+ because it is a novel with language that young readers might find difficult to read and understand. This book isn't written for a specific gender so there is no need to worry about that.

If you enjoyed the first book, the second one is definitely for you. New year, new adventures, but the same rush of excitement after every page. I would definitely encourage you to read this book and share it with everyone. Overall, this book is a superb read and is great for you and your daily dose of magic.

I would definitely rate this novel a 5 out of 5 stars.
